Secret #3

Be Ready

Never reveal the secret, either on purpose or accidentally by not practicing enough.

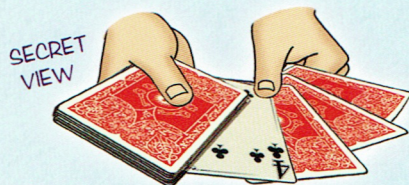

Practice makes you Prepared and being prepared makes you Confident.

Confident Card

The Effect: One card magically flips over in a deck and reveals the location of a chosen card.

The Secret: The deck is prepared in a special way. Place the 4 of clubs FACE UP on the bottom of the deck.

Then take three cards and place them on the bottom of the deck face down.

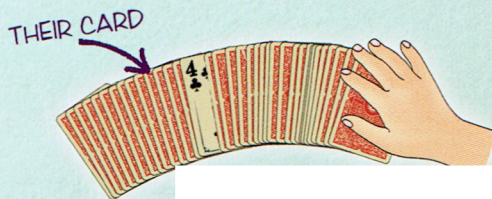

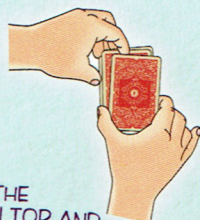

Presentation: Ask politely for someone to pick a card, remember it and place it on top of the deck. Now cut the cards in half. (By doing this you secretly move their selected card to be the 4th one under the face up card)

Ask the volunteer to wave their hands over the deck to make their card flip over, face up. Spread the cards out finding the face up card and ask, "Is this your card?" They will say, "No." Explain, "Interesting. There must be a reason why you made this card flip over. Maybe this is a magic number card. Since it's a four let's count down four cards and see if you did some magic." Count off cards until the fourth card and turn it over, revealing THEIR selected card!

PLACE THE CARD ON TOP AND THEN CUT THE DECK
